CHOICE FARM LANDS FOR SALE. THE ILLINOIS CENTRAL R. R. COMPANY

IS NOW PREPARED TO SELL ABOUT 1,500,000 Acres of

IN TRACTS OF 40 ACRES & UPWARDS,

ON LONG CREDITS AND AT LOW RATES OF INTEREST. THESE lands were granted by the Government to aid in the construction of this Road, and are among the richest and most fertile in the world. They extend from North-east and North-west, through the middle of the State, to the extreme South, and include every variety of climate and productions found between those parallels of Intitude. The Northern portion is chiefly prairie, inter-spersed with fine groves, and in the middle and Fouthern ections timber predominates, alternating with beautiful rairies and openings The climate is more healthy, mild and equable than any other part of the country—the air is pure and bracing, while living streams and springs of excellent water abound.

Building Stone of excellent quality also abounds, which can be procured for little more than the expense of transportation.

The great fertility of these lands, which are a black rich mould from two to five feet deep, and gently rollin.,—their contiguity to this Road, by which every facility is furnished for travel and transportation, to the principal markets North, South, East, West, and the economy with which they can be cultivated, render them the most valuable investment that can be found; and present the most favorable opportunity, for persons of industrious habits and small means, to acquire a comfortable independence in a few

Chicago is now the greatest grain market in the worldand the facility and economy with which the products o these lands can be transported to that market, make them much more profitable, at the prices asked, than those more emote at government rates, - as the additional cost of ransportation is a perpetual tax on the latter, which must e borne by the producer, in the reduced price he receives he borne by the producer, in the reduced price he receives for his grain, &c.

The Title is perfect—and when the final payments are made, Deeds are executed by the Trustees appointed by the State, and in whom the title is vested to the purchasers, which convey to them absolute titles in Fee Simple, free and clear of every incumberance, lien or mortgage.

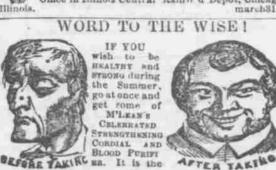

The prices are from \$6 to \$80; interest only 8 per cent. Twenty per cent will be deducted from the credit price for Cash.

Those who purchase on long credit, give notes payable in 2.3, 4, 5 and 6 years after date, and are required to improve one-tenth annually for five years, so as to have one-half the land under cultivation, at the end of the time.

Competent Surveyors will accompany those who wish to examine these Lands, free of charge, and aid them in making selections. nuking selections.

The lands remaining unsold are as rich and valuable as hose which have been disposed of.
Sectional Maps will be sent to an one who will enclose fifty cents in Postage Stamps, and Books or Pamphlets con-taining numerous instances of successful farming, signed by respectable and well-known farmers living in the peighborhood of the Railroad Lands, throughout the State

-alto the cost of fencing, price of cattle, expense of harvesting, threshing, tto, -or any other information-will be cheerfully given on application, either personally or by letter, in English, French, or German, addressed to JOHN WILSON, Land Commissioner of the Ulinois Central R. R. Co.
